(pupil responsibility for missed work)

- Be aware and vigilant of deadlines set.
- Take advantage of the support we offer

Making The Best Choices

There are some important considerations:

Do I “like” the subject?

- Choosing a subject you’re interested in can increase motivation to study and perform to your best ability

Can I “do” the subject?

- Which subjects will maximise your chances of obtaining the best possible grades?

Do I “need” the subject?

- Which career or college/university course do I have in mind?
- Do I need to study a specific subject(s) to fulfil any particular entrance requirements?
