

Wellington School

Teacher of Business Education

We are looking to appoint a Teacher of Business Education, with expertise in teaching Business Management and Accounting at all levels. The ability to teach Economics would be desirable but is not essential. This position becomes available in August 2025 and would suit a recently qualified teacher or a more experienced practitioner. Newly qualified students seeking a probationary year are welcome to apply.

This is a post for a well-qualified, enthusiastic and inspiring teacher who can teach the full range of courses in Business Management and Accounting. The person appointed will have the ability to teach at all levels with confidence and authority. We are looking for an individual who demonstrates a genuine love of these subject areas, enthusiasm for teaching them and an imaginative, creative and energetic approach to helping pupils share this enjoyment. Computers, interactive technology and web-based resources are an intrinsic part of teaching and fluency with these, together with a thoughtful approach to their use, is essential.

We aim to help all our pupils to achieve their full potential, to develop real confidence in their abilities and to appreciate the relevance and usefulness of what they are learning. Business Management and Accounting are popular subjects at our school and many pupils go on to further study and careers in closely related areas.
